# 3. Whiteboard

Create a Web page (HTML5 + CSS3 + images) that looks and behaves like the screenshot below:

You are given the above screenshots + all required images.

Follow us:

Output

The output should be valid **HTML5** + **CSS3** + **images** that implement the above web page.

Constraints

- Use font - PT Sans
- Use Font Awesome for the icons – **"gg"** and **"charshopping"** icons
- The site should open correctly in the **latest** version of **Chrome**
